Chittagong (Bangladesh)

ABOUT ME

Experienced Mobile App Developer with strong expertise in Flutter and Android (Java), complemented by solid backend skills in .NET Core. Proven track record in developing scalable, high-performance applications across fintech, e-commerce, and GPS tracking solutions, with hands-on experience integrating real-time data, cloud services, and robust architecture

WORK EXPERIENCE

🏢 **Hi-Tech Bangla (Bangladesh)** – Dhaka, Bangladesh

Software Engineer (Flutter)

[07/05/2024 – Current]

- Built robust cross-platform mobile applications using Flutter and Dart.
- Implemented advanced state management solutions (BLoC, GetX, Riverpod) to ensure predictable and maintainable application behavior.
- Built and maintained 5+ cross-platform apps with Flutter, increasing development efficiency by 30%.
- Collaborated on backend features using .NET Core, enhancing API performance and enabling seamless mobile-to-server communication.

🏢 **Liberate Labs Bangladesh** – Chittagong, Bangladesh

Software Engineer (Flutter)

[15/05/2023 – 30/04/2024]

- Delivered 3+ full-featured Flutter applications within tight deadlines.
- Integrated Google Maps, geofencing, and real-time GPS tracking, resulting in a 40% boost in app engagement.
- Led App Store & Play Store deployments, resolving compliance and publishing issues for 4+ apps.

🏢 **Spinner Tech Limited** – Chittagong, Bangladesh

Mobile App Developer (Flutter & Android Native)

[01/01/2021 – 30/04/2023]

- Used SQLite and Firebase for hybrid online/offline storage handling, increasing offline usability by 60%.
- Implemented Firebase features (Firestore, Auth, Push Notifications), reducing real-time response latency by 35%
- Optimized app performance, reducing screen load times by 40% through efficient UI rendering.

Android App Developer (Java)

[01/06/2019 – 30/11/2020]

- Created Uparzon e-commerce app with real-time order tracking and secure payment gateways, increasing transaction volume by 30%.
- Collaborated with UI/UX teams to redesign interfaces, boosting user retention by 20%.

EDUCATION AND TRAINING

Bachelor of Science in Computer Science and Engineering (B.Sc in CSE)

East Delta University [12/2018]

City: Chittagong | Country: Bangladesh | Website: <https://www.eastdelta.edu.bd/>

SKILLS

Mobile App Development

Flutter / Java / Android SDK / Kotlin (basic) / Performance Optimization / Custom UI/UX / Animations / Clean Architecture

State Management

Bloc / Getx / Riverpod

Database

Firebase: Firestore, FirebaseAuth, Firestorage, RealTime database / SQLite / Hive Flutter / PostgreSQL

Backend & Web Development

.NET Core (Web API) / Entity Framework / RESTful Services / WebSocket / Real-Time Communication

Tools & DevOps

Git / CI/CD (Gitlab CI, testing) / GitHub / Play Store & App Store Deployment / Crashlytics / Analytics

PROJECTS

Abedok A Flutter app using Firebase, REST APIs, and FCM to streamline government job applications with secure authentication, real-time data, and targeted push notifications.
